Addressing EHS Findings

Respondents indicate that the effectiveness of the response to EHS findings in their organizations is not too bad but not always effective either. When internal audit and EHS audit are separate departments, they tend to work independently. However, quite a few respondents say that EHS audit and internal audit are combined in their organizations.

On a scale of 1 to 4, how effectively are EHS findings addressed in your organization in general?

2 - Somewhat effectively

3 - Usually effectively

1 - Not at all effectively

4 - Always effectively

How close is the relationship between EHS audit and internal audit in your organization?

Separate/working independently

Separate/working together closely
